

Discovery FCU has partnered with The Community Impact Fund (CIF) to offer members like you special benefits.

What you pay: \$0, What you get:

Quarterly Webinars

Quarterly webinars are designed to simplify concepts and help individuals relate to the information in a different way. Each one builds upon the one before providing a progressive and manageable approach to your financial wellness journey. They are recorded so you can watch them anytime after logging into the CIF member portal.

Monthly E-Newsletter

Newsletters focus on providing financial nuggets: tools and resources that empower you to dig deeper into the areas of your financial wellness journey. They also include links to resources and videos to help build your financial knowledge. The newsletters are sent out monthly. You can unsubscribe at any time.

Member Financial Resources

After creating your login in your membership portal, financial education resources are available for you at any time. New resources are added regularly such as budgeting templates, savings tool and expense trackers.

How will I access these resources?

By choosing to become a member of Discovery FCU through a membership with CIF, you will receive a welcome email from Discovery FCU that will include your Complimentary Membership Access Link and information on how to access your membership benefits. You will automatically be subscribed to their monthly financial wellness newsletter and be able to access the rest of your benefits through the membership portal, once you enroll.

Who is The Community Impact Fund?

The Community Impact Fund (CIF) is an independent 501(c)3 non-profit established in 2018 to help organizations maximize their community impact by helping to meet the financial needs of their employees, members, and community.

CIF believes that Credit Unions are key to sustainable and scalable community impact. CIF partners with CUs provide the technology, program support, and educational resources to enhance their communities' financial well-being.
